Blessing

With Devi Mookambika's grace, I am very much delighted and pleased to see that, the institution for which I laid the foundation stone, is continuing on the path to greater success. I firmly believe that the institution which bears the name of Devi Mookambika has the benevolence of the Mother. I extend my best wishes for the institution in the years to come.

GOVINDA ADIGA

Chairman's Message

Launched by the Trust in 2011, the academy now has two institutions, the School of Architecture and the College of Pharmacy, functioning in a 16 acre environment friendly campus with dedicated teachers and modern facilities. The institute, which has ensured 100 percentage admissions over the years, offers degree courses with plans under way to launch post graduate degree courses in the near future. Over the course of our journey, the invaluable counsel and support of kind-hearted people have and will always remain our strength. Devi Mookambika's blessing is our shield and power.

JATHAVEDAN NAMBOOTHIRI

Our Management

Kalidasa Bhattathiripad
Patron

Jathavedan Namboothiri
Chairman

N. Sivadas
General Secretary

M. P. Jayanthan Namboothiri
Treasurer

Namboothiri Trust is a charitable trust formed by a group of ambitious clergy men, great visionaries of Kerala who believe and practice 'IDAM NA MAMA' (means it is not for me, but to the society as whole). It is initiated with a strong will and vision to do the best for the society in a systematic and perfect way headed by the blessings of Brahmasree Akeeramam Kalidasa Bhattathiripad and governed by the board of Directors with Sri Jathavedan Namboothiri (Pambummeekkattu Mana, Mala) Chairman, Sri. N. Sivadas (Dy. Supdt. Of Police Rtd.) General Secretary and Sri M. P. jayanthan Namboothiri (Chartered Accountant, N. Paravoor) Treasurer.

About the Institution

Mookambika College of Pharmaceutical Sciences & Research started with B.Pharm course as a humble beginning in 2016 in the village Eattappilly near Mannathur, Muvattupuzha in Ernakulam District. We aim to mould Pharmacists with quality and vision capable of serving the world to create a healthy generation.

We provide the students, ample opportunities for giving their inner literacy creative and artistic talents as well as sportsmanship. We want our students to be well educated and well trained to become responsible pharmacists.

Here our research department is in the process of collaborating with Biotechnology Industry Research Assistance Council (BIRAC), a Government of India agency functioning for research activities. As a new venture we are planning to collaborate with pharmaceutical industries for the development of new molecules. This kind of activities provide wide range of opportunities to the students to get appointed in the Government as well as private sectors. Also it provides opportunities in research at different branches of pharmaceutical studies.

Dr. Sabu M C
Principal

About the Course

Bachelor of Pharmacy (B.Pharm) – 4 years

Approved by Pharmacy Council of India, New Delhi and Affiliated to Kerala University of Health Sciences, Thrissur.

Uniqueness of MCPSR
